Vitor Bianchini

ABOUT

I'm 22 years old, I am someone completely passionate about technology and its applications. I have been studying this field for years and continue to learn more every day.

EXPERIENCE

Founder, CTO & Full Stack Developer - Levelite: Habits and Tasks RPG

2025 - Present | On-site (Uberaba, MG)
Developed and maintain a fully gamified mobile app for habit formation, published on Google Play and App Store. Solely responsible for the entire lifecycle: frontend in React Native (Expo), full-stack backend in Node.js (Express) with RESTful API, and cloud infrastructure on self-managed VPS (servers, databases, monitoring, and scalability).

[React Native, Expo, MongoDB, Redis, AWS, Express.js, Cloud Architecture, Real-time Features, ASO (App Store Optimization), Firebase]

Full Stack Developer - N Soluções

Jan 2019 - Feb 2023 | On-site (Uberaba, MG)
Currently, I develop various types of applications, providing solutions for companies across different sectors and industries.

Full Stack Developer - Grão Direto

March 2023 | On-site (Uberaba, MG)
I actively participated in the development team of a major startup in the region, which is revolutionizing grain and derivatives trading in Brazil.

[Technologies: Angular, R]

EDUCATION

2021 | Uberaba, MG | **High School Diploma**
Escola Estadual Minas Gerais

2022 - Present | *Uberaba, MG* | **Bachelor's Degree in Control and Automation Engineering**
University of Uberaba (Uniube)
